CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
 - (i) Single Intradermal Comparative Test for Tuberculosis;
 - (ii) Agglutination Test for Contagious Abortion; and
 - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).

- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females must be certified to have passed the Agglutination Test for Contagious Abortion within three months prior to the date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to any laboratory approved by the Ministry of Agriculture, Fisheries, and Food. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. Any female which has not passed the Agglutination Test within three months prior to the date of Sale but which has been vaccinated, can only be accepted for the Show and Sale, provided that one of the following certificates (signed by a Veterinary Surgeon) is supplied to the Auctioneers on or before the arrival of the animal at the market premises:—

- (a) That the animal was vaccinated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale.
- (c) Any female not complying with the above Regulations must be penned separately and sold at the end of the Sale, the results of an Agglutination Test, made within three months prior to the date of the Sale, to be displayed on the Pens.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the

Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

(a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.

(b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.

- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

DENEND DISPERSAL SALE

The name of Mr. W. Gordon Blackstock, M.B.E., Denend, Strichen, Aberdeenshire, who was killed in a motor accident near Stonehaven in August, was familiar in every cattle-rearing country in the world.

Mr. Blackstock's reputation as a breeder and judge was international. He had sold and judged cattle by invitation in many countries, including Canada, U.S.A., South America, South Africa, and Australia. Both as Manager of the world-famous Calrossie and Bapton Shorthorn Herds, then as owner and breeder in his own right of Shorthorns, and latterly Aberdeen-Angus as well, he won every honour available.

As all breeders will know, it was the intention of the late Mr. Blackstock to hold a draft sale of both Horned and Polled Shorthorns this autumn. However, his untimely death, which has removed an outstanding personality from the breed and from agriculture, has also necessitated the entire dispersal of the Polled Shorthorn Herd. This herd was founded by Mr. Blackstock and in its short life has developed into one of the best herds, not only in Great Britain, but in the world. These cattle afford breeders a chance, which rarely comes, to buy both size and quality.

As well as the dispersal of Polled Shorthorns, there is a substantial draft of horned cattle, based mainly on the famous **Bapton** Herd. This draft contains, in fact, the major part of the horned herd, including many Show prize winners and the world-famous bull, **Denend Glen Lake**, whose prize-winning record at both local and national Shows in recent years is well known.

Paymaster 254863 Wm. Garne

Served on 14th January, 1966, by Denend Champion (24993).

Portyerrock Pure Gold was purchased for the Denend Herd in 1962. Her first calf was Denend Constellation (by Constructor), now junior stock bull at Louada Manor Farms, Canada. She is also the dam of our junior stock bull here at Denend, Denend Portyarrock. Portyerrock Pure Gold is a truly great cow and was purchased not only on account of her individual merit, but also on account of her breeding, which provides an outcross to a lot of present-day pedigrees.

Cruggleton Cumming and Cruggleton Ayles, two typical Marshall bulls, were sired respectively by Cruggleton Elvin and Cruggleton Achilles.

Denend Champion—see Reference to Sires (13).

Denend Augusta, one of the top cows in the herd, is also the dam of Denend Golden Flash, a prominent prize winner during the 1966 show season—his winnings included the reserve supreme championship at the Royal Highland Show and 1st prize in the junior bull class at the R.A.S.E. Show.

Beaufort Cup-tie was a prominent prize winner during the show seasons of 1954 and 1955 and was later purchased for the saltoun Herd at 4300 guineas.

This famous old Cruggleton family has produced many outstanding bulls in recent years, including the great Calrossie Welcome and Mr. Ian Henderson's well-known Saltoun Orderly—in fact, the third dam in this pedigree is the dam of Saltoun Orderly.

Note the close tie-up in the breeding of this bull to the 1965 Perth champion, Denend Ragusa. For further notes and list of winnings of this bull, see Reference to Sires (12).

REFERENCE TO SIRES

- (1) **KIRKTON HERCULES** (381696), white, calved 22nd February, 1950, bred by the late Mr. K. P. MacGillivray—sire, Kirkton Baronet (335904); dam, (318953) Rothes Carlotta by Naemoor Marshal (345049).

Kirkton Hercules was an outstanding sire in the Bapton Herd. His females have tremendous character. Without exception they are great milkers and are proving to be grand breeders. Note the number of great bulls throughout the breed to-day who carry Kirkton Hercules blood. His females have produced such notable bulls as Bapton Roan Robin (see Reference to Sires (5)); Bapton Daily Express, the 1959 Perth champion; the 4000-guineas Bapton Connosseur; the 3000-guineas Bapton Clanroy; the 2200-guineas Bapton Cavalier; the 1800-guineas Bapton Chieftain; the great Bapton Pioneer, who is doing such a magnificent job at Northwood for Mr. Otto Grosse; Louada Masterstroke, the 20,000-dollars stock bull with Maclyn Plantation; and the 15,000-dollars Louada Masterpiece, sold to Messrs. Duggan for use in the famous Sittyton Herd in Argentina—note that the three last mentioned bulls are out of the 1500-guineas Bapton Mavis Crocus. Kirkton Hercules is also the sire of the 3300-guineas record-priced female, Bapton Crocus Lita, and also of Bapton Aurora, sold for 5000 guineas, whose three sons won the Pittodrie Cup at Perth in 1957 and included the supreme champion, Bapton Controller. Three of Hercules' daughters won the Duthie Prize at the Royal Highland Show in 1956.

- (2) **CALROSSIE CONSTELLATION** (396200), red, calved 1st March, 1953, bred by Messrs. John & D. P. MacGillivray—sire, Calrossie Welcome (368471); dam, (318937) Calrossie Flossy Beau by Kirkton Baronet (335904).

The bull of the year in 1957 needs little comment. He is perhaps one of the greatest sires the breed has produced in recent years. His first son, the record-priced, 15,000-guineas Bapton Constructor, has created a new era in Shorthorns in North America, 15 of his sons being sold at the 1959 Louada Sale to gross £35,795. His stock to date has sold for over 400,000 dollars in North America. Other famous sons in North America are the 7000-guineas Bapton Cairnbrogie; the 4100-guineas Bapton Copyright; the 2200-guineas Bapton Cavalier; and Bapton Craftsman, sold at the Edellyn Sale to Mr. Anthony Petkus, and now with Mrs. Fenwick, Boll Weevil—all bulls which are making their mark on the breed over there to-day. His females are offering to be grand breeders and milkers, with good heads and grand, sound legs, and they are among the top females in the breed to-day. At the 1963 Ellon Show, in a class of 12 females, the first four places were all filled by daughters of Calrossie Constellation. He is the sire of the great show cow, Bapton Queen Janetta, whose winnings included supreme champion at the Royal Highland, the Great Yorkshire, the Royal Northern and Keith Shows, in 1963, and in 1964 acclaimed the "Show Animal of the Year." She won the supreme championship at the Royal Highland, the R.A.S.E., the Great Yorkshire, the Royal Northern, the Royal Lancashire (also inter-breed champion), Ellon, Keith, and Turriff Shows. She also won the supreme over-all championship (Beef and Dairy) at Turriff. She was never defeated throughout the 1964 season.

- (3) **BAPTON CONSTRUCTOR** (6414), red, calved 25th January, 1955, bred by Mr. Cecil Moores—sire, Calrossie Constellation (396200); dam, (431434) Aldie Augusta Johanna by Aldie Jonathan Adonis (386875).

Bapton Constructor was sold for 15,000 guineas, and is surely one of the greatest Shorthorn sires ever to be produced in the breed. His record in the Louada Herd is really outstanding. He has created a new era in Shorthorn breeding. Bapton Constructor is the sire of many high-priced and prize-winning bulls, including the 30,000-dollar Louada Bonaparte, the first Canadian bull ever sold to Argentina, going to the famous Sittyton Herd of Señor C. Duggan. He also sired Louada Nugget, sold for 12,000 dollars to Hi Ho, and, at the 1959 Louada Sale, 15 bulls by Bapton Constructor averaged £2500 each. He is the sire of Louada Bomber, male and supreme champion at the Chicago International in 1958. He also sired the female and reserve champion at the International, and his progeny won all the get-of-sires and groups. His stock to date has sold for over 400,000 dollars. At the 1960 Louada Sale, Louada Masterpiece, a son of Bapton Constructor out of Bapton Mavis Crocus (by Kirkton Hercules), sold to Señor Duggan, Argentina, for the top price of 15,000 dollars. Bapton Constructor was flown back in March, 1961, to Denend Pedigree Farm. He has proved himself to be one of the greatest bulls of his time. His famous grandson, Louada Rothes King (by Louada Bonaparte), is making a name for himself in the Louada Herd as one of the greatest stock bulls ever used there. His first seven bull calves, all under ten months old, were sold to average 3900 dollars each at the Louada Sale on 21st October, 1963, and, in 1964, his top son, Louada Air Raid, sold for 8000 dollars. Bapton Constructor is also the sire of Denend Glen Lake, winner of 1st prize in the March class at Perth in 1962. In 1965 he won 2nd prize and the reserve male championship at the Royal Highland Show; male and supreme champion at the R.A.S.E. Show, and, along with Rona Blythesome of Bapton (P), won the reserve for the inter-breed Burke Trophy. At the Great Yorkshire Show, he won 2nd prize and the reserve supreme championship. He won the male and supreme championships at the Royal Lancashire Show, also the "Long Silver Salver" for the best exhibit in the Beef Section. He was also supreme champion at the Royal Northern, Ellon, Turriff, and Keith Shows—the only times exhibited so far. He is a bull of tremendous scale and substance, weighing $18\frac{3}{4}$ cwt. at the end of the 1965 summer show season. He is also the sire of Denend Constellation, now the well-known junior stock bull at Louada. Another son, Denend Champion (see Reference to Sires (13)) has recently been sold to head the famous Uppermill Herd. He was also the sire of the 1965 Perth champion, Denend Ragusa (see Reference to Sires (14)), sold to Messrs. Cadzow Brothers for 10,000 guineas.

- (4) **BEAUFORT CAPTIVE** (6063), red roan, calved 10th September, 1955, bred by Lord Lovat, D.S.O., M.C., T.D.—sire, Bunton Bank Book (393827); dam, (411667) Beaufort Clipper Maid 25th by Beaufort Bulldozer (381567).

Beaufort Captive was the successful stock bull at Pittodrie, to which herd he was sold for 4000 guineas. Beaufort Captive's first crop of calves were winners both at Perth and at the Royal Highland Show in 1959, and at the dispersal of the Pittodrie Herd, made the great average of over 300 guineas. He is the sire of Beaufort Cravate.

- (5) **BAPTON ROAN ROBIN** (13110), dark roan, calved 1st January, 1957 bred by Mr. Cecil Moores—sire, Bapton Constructor (6414); dam, (432497) Bapton Augusta Margaret by Kirkton Hercules (381696).

Bapton Roan Robin, although never shown, was universally acclaimed as one of the great bulls of his time. He was used for three seasons in the Bapton Herd before being exported at a very high price to Mr. Ian McLeod, Martinborough, New Zealand. His females are the tops in the herd to-day and are growing into lovely cows. He is the sire of Kinellar Royal Robin, junior stock bull at Louada, where he is proving very successful. Another son is the 4800-guineas Bapton Brave Robin. Bapton Roan Robin is the sire of the following—Bapton Red Robin, 2nd at Perth in 1960 and sold for 4000 guineas to Northwood; Glen Cove Cairnbrogie, Mr. Clarence Worden's outstanding show bull, which was supreme champion at Iowa State Fair, New York State Fair, and American International, Chicago; Von Ber Mar Roan Robin, supreme champion at Iowa State Fair when only six months old, and supreme champion at Denver when two years old; Aberfeldy Roan Robin, supreme champion at the Canadian National Exhibition in 1960, and whose first son was the supreme champion at the Canadian Exhibition in 1962, where Aberfeldy Roan Robin was senior and reserve supreme champion. Bapton Roan Robin's dam is perhaps Kirkton Hercules's best daughter—she is a female with tremendous character and quality and comes from this famous old Bapton family. Bapton Roan Robin's females are proving to be outstanding breeders and grand milkers.

- (6) **GLASTULLICH GARRISON** (17459), red, calved 10th January, 1959, bred by Messrs. Wm. MacGillivray, Ltd.—sire, Bapton Balmoral (6405); dam, (69418) Glastullich Grace Floss by Calrossie Hyperbole (391674).

Glastullich Garrison was purchased privately from Mr. Otto H. Grosse, Northwood Farm, U.S.A., after he purchased the famous Glastullich Herd. His sire, Bapton Balmoral, was noted for his strength and substance, great hindquarters and lovely dark red colour. Garrison has certainly inherited these characteristics from him and is a big, rugged bull with great bone. He is from the same Floss family as the famous Calrossie Constellation, and his dam was one of the best females in the Glastullich Herd. Bapton Balmoral is the sire of Glastullich Victor, junior stock bull at Northwood, and of Glastullich Sunshine, used for a season at Northwood and sold in the October Sale for 7200 dollars to Mr. Emile Cammaert, Rockyford Stock Farm, Alberta, Canada. Glastullich Garrison, after three seasons in the Bapton Herd, was recently sold at a high figure to a syndicate of Canadian breeders, including Fralawn Farms, Tutira Farms and Louada Manor Farms.

- (7) **EAPTON BRAVE ROBIN** (17504), dark roan, calved 7th March, 1959, bred by Messrs. Cecil & Nigel Moores—sire, Bapton Roan Robin (13110); dam, (51039) Bapton Broadhooks Sheree by Bapton Constructor (6414).

Bapton Brave Robin was purchased by Denend Pedigree Farm at Perth in 1960 for 4800 guineas—a half share was retained by Bapton. He grew into a massive bull, with tremendous bone and a great stock bull outlook, and he was one of the biggest bulls in the breed. Note that he is a double grandson of the famous Bapton Constructor (see Reference to Sires (3)). His dam is an outstanding female and is uterine sister to Bapton Highway,

who is being used with great success in Messrs. Duggan's famous Sittyton Herd in Argentina. Bapton Highway sired the junior and reserve junior champion at Palermo in 1961. The junior champion sold for 2,250,000 pesos (£10,000), an all-time record price for an Argentine-bred bull. Messrs. Duggan retained the reserve junior champion for use in their herd. Bapton Brave Robin's grandam, Tolquhon Snow Queen (by Bapton Principal), was purchased from her breeder, Mr. John Sleigh, for 1000 guineas. She comes from the same family as, and is closely related to the famous Kirkton Drum-Major, so successfully used by Señor Enrique Santamarina in the Argentine. The females by Bapton Brave Robin are really outstanding, and his early death was a great loss to the breed.

- (8) GLAMIS BENEFACITOR (19287), red roan, calved 1st August, 1960, bred by Messrs. R. M. Adam & Son—sire, Calrossie Diadem (15657); dam, (58700) Glamis Helga Broadhooks by Kair Masterkey (4176).

Glamis Benefactor is the only beef bull of any breed to win the supreme championship at Perth and go on to win the supreme championship at the Royal Highland and R.A.S.E. Shows in the same year. Benefactor won seven supreme championships in 1962 and was never defeated. He, along with the Hon. Mrs. Dewhurst's well-known show heifer, Tolquhon Crystal Ramsden, won the Inter-breed Burke Trophy at the R.A.S.E. Show. Glamis Benefactor was exported to Canada in the Spring of 1963, and a two-thirds interest in him was later sold to the famous KC Farms, Kansas City, Missouri, at a high figure, who later sold a third interest to Mr. and Mrs. B. Sterling Ambrose, Kentucky, for 20,000 dollars, which leaves him the world record-priced Shorthorn (over £20,000). Benefactor's first son was Denend Bonnie Buchlyvie, 1st at Perth in 1964 and reserve senior champion, and purchased for export to Argentina by Mr. E. Moubray Alexander, who sold him privately before the Imported Sales to Señor Adolfo E. Pinero, Cabana Jose Maria, at a high figure.

- (9) BAPTON FORTRESS (20043), red, calved 13th November, 1960, bred by Messrs. C. & N. Moores—sire, Glastullich Garrison (17459); dam, (88182) Bapton Augusta Genevieve by Calrossie Constellation (396200).

Bapton Fortress was a bull of tremendous size and substance, probably the best bull of his year. He was retained for use in the Bapton Herds. His sire was used for three seasons at Bapton before being exported to a syndicate of Canadian breeders at a high figure. He was the sire of the 25,000-dollars Bapton Guardsman, now stock bull at Northwood Farms, Cary, Illinois. Bapton Fortress's dam, Bapton Augusta Genevieve, is a full sister to Bapton Constructor, and in 1963 she won the following prizes:—reserve female and reserve supreme championship at the Royal Highland Show, reserve female championship at the Great Yorkshire Show, female and supreme championship at Ellon and Turriff, and reserve female championship at Keith.

- (10) BAPTON GUARDSMAN (22178), red, calved 20th October, 1961, bred by Messrs. C. & N. Moores—sire, Glastullich Garrison (17459); dam, Bapton Marilyn Broadhooks (432509) by Kirkton Hercules (381696).

Bapton Guardsman, the best calf of his year at Bapton, was sold privately for 25,000 dollars to Northwood Farms, U.S.A., where he is universally acclaimed as one of the best bulls ever to leave Britain. He was used on a few females before being exported and his calves show great promise. Glastullich Garrison (see Reference to Sires (6)), was a son of Bapton

Balmoral, and like his sire, was a bull of great strength and substance with particularly good hindquarters. He came from the same Calrossie family which produced the great Bapton sire, Calrossie Constellation. After three seasons in the Bapton Herd, Garrison was sold to a syndicate of Canadian breeders, including Fralawn Farms, Louada Manor Farms and Tutira Farms. Bapton Marilyn Broadhooks, a daughter of the famous Kirkton Hercules, is one of the best cows ever bred at Bapton. She is from the same family which produced Bapton Air Pilot, and is the dam of the 4000-guineas Bapton Connoisseur, a well-known sire with Messrs. Lambell, Australia; of Bapton Clanroy, the 3000-guineas stock bull at the Coldoch, and later sold to Mr. Horace Crookies, South Africa, where he won the reserve supreme championship (to Armada of Bapton (P)) at the Great Rand Show in 1961; and of Bapton Onward Bound, sold for £4000 in Argentina in 1960. At the recent Fernwood Sale (late Northwood) the first progeny of Bapton Guardsman made practically all the top prices. A son, Denend Christmas Day (see Reference to Sires (15)), is the junior stock bull at Denend.

- (11) **BAPTON LORD MAYOR** (23890), red, calved 23rd January, 1962, bred by Messrs. C. & N. Moores—sire, Bapton Constructor (6414); dam, (95994) Bapton Mabel Lorraine by Bapton Roan Robin (13110).

Bapton Lord Mayor is a dark red bull, with great bone and a real sire's outlook, and with exceptionally good hindquarters. Bapton Constructor—see Reference to Sires (3). Bapton Roan Robin—see Reference to Sires (5). Bapton Mabel Lorraine, one of the top females from the herd, is also the dam of Denend Christmas Day, junior stock bull at Denend. She is a female with tremendous outlook, and is offering to be an outstanding breeder. She comes from the Garguston line of Mabels, which produced such famous bulls as Balcairn White Eagle, the sire of the great Collynie Royal Leader. Bapton Lord Mayor is now one of the sires in Miss Brown's Dipple Herd.

- (12) **DENEND GLEN LAKE** (23516), dark roan, calved 21st March, 1962, bred by Denend Pedigree Farm—sire, Bapton Constructor (6414); dam, (112151) Denend Augusta by Beaufort Cup-tie (396131).

Denend Glen Lake won 1st prize at Perth in 1962. In 1965, he won 2nd prize and the reserve male championship at the Royal Highland Show; male and supreme champion at the R.A.S.E. Show, and along with Rona Blythesome of Bapton (P), won the reserve for the inter-breed Burke Trophy. At the Great Yorkshire Show, he won 2nd prize and reserve supreme champion. He won the male and supreme championship at the Royal Lancashire Show, also the "Long Silver Salver" for the best exhibit in the Beef Section. He was also supreme champion at the Royal Northern, Ellon, Turriff, and Keith Shows. In 1966, he won 2nd prize at the Royal Highland Show, reserve male and reserve supreme championship at the R.A.S.E. Show, and male and supreme championship at the Great Yorkshire and at the Royal Northern Shows. He is a bull of tremendous scale and substance, weighing over the ton at the end of the 1966 summer show season.

- (13) **DENEND CHAMPION** (24993), red roan, calved 21st February, 1963, bred by Denend Pedigree Farm—sire, Bapton Constructor (6414); dam, (95370) Tradlin Cherrywood 2nd by Kinellar North Star (4630).

Denend Champion, a dark red bull, with a tremendous head and outlook, is regarded as one of the best-headed bulls in the breed to-day. He was used for one season in the Denend Herd, and then sold to head the famous Uppermill Herd. His first calves show much promise, and are all of the same type. His

heifer calves are really outstanding. His dam won 1st prize and the reserve supreme championship at the Perth Autumn Sales in 1960, when she was purchased for Denend at 300 guineas. Denend Champion is the sire of Denend Golden Flash, 1st, reserve male and supreme champion at the Royal Highland and 1st at the R.A.S.E. and Great Yorkshire Shows in 1966. He goes to the famous herd of Mr. A. R. Cross, Calgary, Alberta, Canada. Denend Champion's daughter, Denend Augusta Sally, was reserve female champion at the Royal Highland, female champion at the R.A.S.E. and reserve female champion at the Great Yorkshire Shows in 1966.

- (14) DENEND RAGUSA (25012), red, calved 4th August, 1963, bred by Denend Pedigree Farm—sire, Bapton Constructor (6414); dam, (112160) Denend Rothes Queen by Beaufort Cup-tie (396131).

Bapton Constructor—see Reference to Sires (3). Denend Ragusa, the 1965 Perth supreme champion, weighed 15 cwt. at 18 months old, which gave him a liveweight gain of over 3.3 lb. per day. He was sold for 10,000 guineas to Messrs. Cadzow Brothers, Duncrahill. Arrangements have been made for a limited number of services in the Denend Herd. He is growing into a tremendous bull and his calves bear a striking resemblance to himself.

- (15) DENEND CHRISTMAS DAY (24994), red, calved 25th December, 1963, bred by Denend Pedigree Farm—sire, Bapton Guardsman (22178); dam, (95994) Bapton Mabel Lorraine by Bapton Roan Robin (13110).

Bapton Guardsman—see Reference to Sires (10). Denend Christmas Day was one of the top bulls of his year and was retained for use in the Denend Herd. He is a bull with tremendous head and outlook. For further notes, see Bapton Lord Mayor, who is also out of the same dam.

- (16) DENEND PORTYARROCK (26173), dark roan, calved 18th December, 1964, bred by the late Mr. W. Gordon Blackstock, M.B.E.—sire, Denend Champion (24993); dam, (21383) Portyerrock Pure Gold by Cruggleton Cumming (391869).

Denend Champion—see Reference to Sires (13). Portyerrock Pure Gold is a cow of tremendous depth and substance and a real breeder's head. She was purchased as an outcross for present-day breeding. Her first son, bred at Denend, Denend Constellation, is now junior stock bull in the famous Louada Herd in Canada. He was sired by Bapton Constructor and without doubt is one of the most popular young bulls in North America to-day. Denend Portyarrock was the best calf of his year and was retained for use in the Denend Herd, where he is a three-quarter outcross. He has been extensively used this season.

- (17) DENEND GOLDEN FLASH (27306), dark roan, calved 12th January, 1965, bred by the late Mr. W. Gordon Blackstock, M.B.E.—sire, Denend Champion (24993); dam, (112151) Denend Augusta by Beaufort Cup-tie (396131).

Denend Champion—see Reference to Sires (13). Denend Golden Flash is out of the same dam as Denend Glen Lake—see Reference to Sires (12). He won 3rd prize at Perth in 1966; 1st prize, reserve male and reserve supreme championship at the Royal Highland Show, and junior championship at the R.A.S.E. and Great Yorkshire Shows. He is being exported to Mr. A. R. Cross's famous Rothney Herd in Calgary, Alberta, Canada, later this year. For further notes, see Denend Glen Lake.

- (18) CORONET MAX LEADER 3rd (P) (95), dark roan, calved 25th November, 1955, bred by Mr. Lewis W. Thieman—sire, Priam Royal Leader (P) (X2739468); dam, (X2232794) Coronet's Pride 5th (P) by Violet's Coronet 3rd (P) (X2054687).

Coronet Max Leader 3rd (P) was purchased at a very high figure as the first Polled Shorthorn bull in the Bapton Polled Herd. His sire, Priam Royal Leader (P), was used with great success by Messrs. Thieman, before being exported to the Milly Milly Herd, Australia, where he has proved to be the outstanding breeding bull of his time. Coronet Max Leader 3rd (P) was selected on account of his size and substance, with a tremendous head and great bone, and a beautiful, rich, dark roan colour. He was used for three seasons at Bapton and then exported to Mr. Dave Kilgour, New Zealand. Prior to export, in natural condition, he weighed $21\frac{1}{2}$ cwt., He proved a great success in the Bapton Polled Herd. Among his many outstanding offspring was the great Clipper King of Bapton (P) (see Reference to Sires (20)), who had such a successful show season in 1962, prior to being sold to Northwood Farms, Illinois, U.S.A., who later sold him to K.C. Farms, Missouri.

- (19) CONSTELLATION OF BAPTON (P) (109), red, calved 14th November, 1958, bred by Messrs. C. & N. Moores—sire, Calrossie Constellation (396200); dam, (119) Lavender Coronita 17th (P) by Coronet Max Juggler 18th (P) (X2584386).

Constellation of Bapton (P) is regarded by many as one of the best Polled Shorthorn bulls produced in Britain. He won the supreme championship in the Polled Section at the Turriff Show in 1959, when only nine months old. In the Horned and Polled competition at Keith the same year, he was 1st and reserve male champion to Bapton Northward Bound. In 1962, he won the Polled Shorthorn championship at the Royal Northern Show and the reserve Polled Shorthorn championship (to Clipper King of Bapton (P)) at Turriff Show. His sister, Lavender Lass of Bapton, was the undefeated Polled Shorthorn female throughout the show season of 1962. Constellation of Bapton (P) was exported to Louada Manor Farms in the Spring of 1963 and was later sold at a very high figure to Mr. Roy Philip, Gloriadale Farms, Ontario. One of his sons, Captivator of Bapton (P), exported at the same time, was sold in 1964 to Sutherland Farms at what was believed to be a record price for a Polled Shorthorn bred in Scotland. Constellation of Bapton (P) was the first "AAA" Polled Shorthorn bull in Canada, and his son, Captivator of Bapton (P), mentioned above, was the first "AAA" Polled Shorthorn bull in the U.S.A.

- (20) CLIPPER KING OF BAPTON (P) (148), dark roan, calved 1st June, 1959, bred by Messrs. C. & N. Moores—sire, Coronet Max Leader 3rd (P) (95); dam, (51041) Bapton Fair Clipper (H) by Calrossie Constellation (396200).

Clipper King of Bapton (P) is one of the largest and best Polled Shorthorn bulls of recent years and was exported, by Bapton, at a very high figure to Northwood Farms, Illinois, U.S.A., who later sold him to K.C. Farms. One of his sons, Cropwell Wraith, has been a prominent prize winner in the south. Another son, Pennan Paragon (P), has proved to be a great sire and a 100% de-horner in Mr. Watt Taylor's Philorth Herd. Another son, Royal Leader of Bapton (P) (see Reference to Sires (25)), is the senior stock bull in the Denend Polled Shorthorn Herd. Coronet Max Leader 3rd (P), a tremendous son of the famous Priam Royal Leader (P),

was a great sire in the Bapton Herd, prior to being sold to Mr. Dave Kilgour, New Zealand. He weighed over 23 cwt. Bapton Fair Clipper, one of the greatest females in the Bapton Herd, was sired by the undefeated, 1957 bull of the year, Calrossie Constellation, and her dam, Fair Clipper 45th, was the undefeated female in 1956. Clipper King of Bapton (P) won many prizes and headed several exhibitions prior to being exported. He is typed as "AAA" in the American Association's typing scheme.

- (21) **CONSTRUCTOR (P)** (137), red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) is regarded by many as one of the best-headed Polled Shorthorn bulls in the breed to-day. He is a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he is the only polled bull in the world by the great Bapton Constructor—see Reference to Sires (3). He is from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who won 1st prize at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He has been used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glen Lake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. Constructor (P) has recently been sold to Major the Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle.

- (22) **MERRY KING OF BAPTON (P)** (234), white, calved 5th March, 1961, bred by Messrs. Cecil & Nigel Moores—sire, Armada of Bapton (P) (74); dam, (119) Lavender Coronita 17th (P) by Coronet Max Juggler 18th (P) (X2584386).

This massive, white son of Armada of Bapton (P) was used for two seasons before being exported to Mr. Dave Kilgour in New Zealand. Armada of Bapton (P) was the first Polled Shorthorn bull bred in the Bapton Polled Shorthorn Herd and, after winning many prizes in this country, he was exported to Messrs. King Brothers, South Africa, where he won the supreme championship (both Horned and Polled competition) at Queenstown and Johannesburg Shows. Merry King of Bapton (P) is out of the same cow as Constellation of Bapton (P)—see Reference to Sires (19).

- (23) SPOKESMAN OF BAPTON (P) (295), red, calved 15th March, 1962, bred by Messrs. Cecil & Nigel Moores—sire, Constructor (P) (137); dam, (376) Queen Millie of Bapton (P) by Coronet Max Leader 3rd (P) (95).

A dark red bull of great scale and substance, with a grand head, Spokesman of Bapton (P) is proving to be a 100% de-horner. Constructor (P)—see Reference to Sires (21). His dam was a beautiful, dark roan daughter of the famous Coronet Max Leader, and the next sires in line were Calrossie Highland Leader, Kinsman and Collynie Elect.

- (24) HAPPY MAN OF BAPTON (P) (293), red, calved 7th April, 1962, bred by Messrs. Cecil & Nigel Moores—sire, Bapton Brave Robin (17504); dam, (218) Happiness Coronita 7th (P) by Coronet Max Juggler 18th (X2584386).

Happy Man of Bapton (P) was champion Polled Shorthorn at Perth in 1964, where he was sold to Mr. W. F. Williams, New Zealand, for 2400 guineas. His sire, Bapton Brave Robin, was one of the greatest bulls produced in the Bapton Herd.

- (25) ROYAL LEADER OF BAPTON (P) (328), dark roan, calved 10th March, 1963, bred by Messrs. Cadesky and Donaldson—sire, Clipper King of Bapton (P) (148); dam, (277) Victoria May of Bapton (P) by Bapton Constructor (6414).

Royal Leader of Bapton (P) is a massive, dark roan bull weighing over 19 cwt. at three years of age. Clipper King of Bapton (P)—see Reference to Sires (20). Royal Leader of Bapton (P) is out of the same dam as Captivator of Bapton (P) (for notes on Captivator of Bapton see Constellation of Bapton (P)—Reference to Sires (19)). His dam, Victoria May of Bapton (P), is one of the three full sisters who have done so much for both the Bapton and Denend Polled Shorthorn Herds. Royal Leader of Bapton's first son, Bernard of Denend (P), was sold at 720 guineas to Mr. Peter Gammie for export to Estancia Carcano in Argentina. Note the heavy concentration of Calrossie Constellation, Bapton Constructor and Priam Royal Leader blood in this bull.

- (26) BARRON OF BAPTON (P) (317), red roan, calved 7th October, 1963, bred by the late Mr. W. Gordon Blackstock, M.B.E.—sire, Captivator of Bapton (P) (235); dam, (127066) Findowrie Roan Charity by Glamis Grenadier (11206).

The sire, Captivator of Bapton (P)—see notes on Constellation of Bapton (P) Reference to Sires (19). Barron of Bapton (P) has been a prominent prize winner. His winnings include being the supreme champion Polled Shorthorn at Perth in 1966.

- (27) CORONET MAX JUGGLER 18th (P)—sire, Killearn Max Juggler (H); dam, Lancaster Coronita 2nd (P) by King of the Vanities (P).

Coronet Max Juggler 18th (P) is one of the greatest Polled Shorthorn bulls of all time. He is a bull with tremendous size and substance, and is the sire of many international champions and prize winners.

- (28) **PRIAM ROYAL LEADER (P)**—sire, Lawton Priam (H); dam, Valley View Rosewood 23rd (P) by Valley View Royal Leader (P).

Priam Royal Leader (P) was used for a short time by Messrs. Thieman's Herd, where he proved a great success. Among his many notable offspring is Augusta Coronita 47th (P), female champion (in Horned and Polled competition) at the Great Rand Show, South Africa. She also stood reserve supreme champion for the best beef animal in the show. Priam Royal Leader (P), now in the Milly Milly Stud in Australia, is proving to be a great bull. Note the infusion of his blood in the Bapton pedigrees. Lawton Priam is a great-grandson of the famous Calrossie Randolph.

- (29) **CAPTIVATOR OF BAPTON (P) (235)**, red, calved 11th March, 1961—bred by Messrs. C. & N. Moores—sire, Constellation of Bapton (P) (109); dam, (277) Victoria May of Bapton (P) by Bapton Constructor (6414).

Captivator of Bapton (P) is one of the best bulls, either horned or polled, ever bred in the Bapton Herd. He was used on a few females before being exported at a high figure to Sutherland Farms, Kentucky, U.S.A. Constellation of Bapton (P), a great sire at Bapton and now stock bull at Gloriadale Farms, Ontario, Canada, won the supreme championship at Turriff Show in the polled section when only nine months old. He won many prizes before being exported, and his full sister, Lavender Lass of Bapton, was the undefeated Polled Shorthorn female during the 1962 show season. Victoria May of Bapton (P), one of the three well-known full sisters (all polled daughters of Bapton Constructor), is also the dam of our junior stock bull, Royal Leader of Bapton (P), and her heifer calf (by Happy Man of Bapton) has been a prominent prize winner at the 1965 shows. In the Bapton Polled Shorthorn Herd, the two best families, without a doubt, are the Victorias and Lavenders. Captivator of Bapton (P) is a Victoria, and his sire, Constellation of Bapton (P), is a Lavender—a great blend of pedigree. Captivator of Bapton (P) is the sire of Barron of Bapton (P), a prominent prize winner during the 1965 show season. His winnings included junior champion, and reserve male and reserve supreme champion at the R.A.S.E. Show. He is also the sire of Brave Baron of Bapton (P), reserve champion Polled Shorthorn at Perth in 1965.

- (30) **PENNAN PARAGON (P) (343)**, red, calved 28th May, 1963, bred by Messrs. Watt Taylor, Ltd., Philorth, Fraserburgh—sire, Clipper King of Bapton (P) (148); dam, (324) Pennan Broadhooks Anne (P); g.-dam, (71) Richwood Renown (P).

Pennan Paragon is a massive, dark red bull, with lovely, smooth fleshing, and is a 100% dehorner. He is being used extensively in the Pennan and Bapton Polled Shorthorn Herds, his progeny being extremely promising.

- (31) **CRICHTON BLANCO (13944)** was purchased from Mr. P. H. Watherston in 1958 for 1350 guineas. He was an outstanding breeder of males and females, siring amongst numerous others Dron Xerxes, 2200 guineas; Dron Zodiac, 1500 guineas senior champion at Perth in 1964; Dron Dorothy Yasmin, twice 1st at the Royal Highland Show, 1st at the R.A.S.E. Show, 1st and champion at Strathearn Show, and 1st and champion at Perthshire Agricultural Society's Show.

- (32) CALROSSIE DIADEM (15657), red, calved 11th February, 1958, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Ramona Ramsden by Calrossie Highland Piper by Calrossie Welcome.

Calrossie Diadem was the top-priced bull at Perth in 1959 when purchased for the Glamis Herd for 5200 guineas. His breeding record is far from being equalled by any other Beef Shorthorn bull alive at the present time. He sired, among others, the following:—1961—Glamis Trademark, supreme champion at Perth, sold for 4800 guineas to Señor Elordy, Argentina; 1962—Glamis Benefactor, supreme champion at Perth, sold for 5800 guineas to Bapton and Louada, now the world's record-priced Shorthorn bull; 1963—Glamis Supreme Commander, top-priced bull at Perth, sold to Señor Carlos Duggan, Argentina, for 6800 guineas; 1964—Glamis Crowning Glory, top-priced bull at Perth, sold to Mr. James Schofield, for Señor Enrique Santamarina, Argentina, for 8500 guineas. A grandson, Glamis Don Carlos, was sold to The Vern in 1965 for 4500 guineas.
